

REMARKS

Amendments

In the specification, Paragraphs [0027] and [0028] are amended to correct the typographical error of a serial number. Support for the amendment can be found in Paragraph [0026].

The amendments in Paragraphs [0074] and [0082] are to correct obvious typographical errors.

In the claims, the amendments are made for clarity or proper antecedent basis.

No new matter is introduced in any of the amendments.

Provisional Obviousness-Type Double Patenting Rejection

Claims 1-13 and 22-35 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-44 of copending Application No. 10/439,428.

To further the allowance of this application, Applicants are submitting herewith a Terminal Disclaimer to overcome the rejection.

Claim Objection

Claims 14-21 are objected to as being dependent upon rejected base claims, but are otherwise allowable.

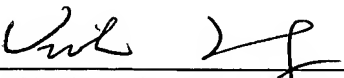

The objection should be withdrawn because the rejection of Claims 1-13 are overcome in view of the Terminal Disclaimer.

CONCLUSION

Applicants believe that the application is now in good and proper condition for allowance.
Early notification of allowance is earnestly solicited.

Respectfully submitted,

Date: February 25, 2005
